### **DETAILED ACTION**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven C. Schnedler (Reg. No. 27,591) on December 18, 2007.

The application has been amended as follows:

- Claim 9 has been replaced with the following:
9. Apparatus for fiber length measurements from a tapered beard attached to a fiber sampler, comprising a scanner ~~intended~~ for scanning documents positioned with reference to the tapered beard for acquiring a two-dimensional image of the tapered beard.

### ***Allowable Subject Matter***

2. Claims 2-11 & 17-19 are allowed over prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 2, the prior art fails to disclose or make obvious "a digital computer connected to an output of said optical imaging device for storing two-dimensional image data and determining fiber amount as a function of one-dimensional distance  $x$  from the fiber sampler by averaging across the width of the tapered beard as imaged" and in combination with the other

recited limitations of claim 2. Claims 3-8 & 17 are allowed by virtue of dependency on the allowed claim 2.

Regarding claim 9, the prior art fails to disclose or make obvious "a scanner for scanning documents positioned with reference to the tapered beard for acquiring a two-dimensional image of the tapered beard" and in combination with the other recited limitations of claim 9. Claims 10 & 18 are allowed by virtue of dependency on the allowed claim 9.

Regarding claim 11, the prior art fails to disclose or make obvious "acquiring a two-dimensional digital image of a tapered beard of fibers, the beard having a length" and in combination with the other recited limitations of claim 11. Claim 19 is allowed by virtue of dependency on the allowed claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
